GETTING STARTED

- Set Your Goals
- Take the Pledge
- Take Your Picture
- Take Your Measurements

Your Personal Pledge & Vision Statement will help you solidify your commitment and identify who your Support Team is. This is one of the most important steps to getting started, so take your time and be thoughtful.

YOUR PATH TO SUCCESS BEGINS HERE.

- 1 Weight loss is important, but *inches lost* is also an important measurement. Take your measurements and track your success with our easy-to-use measurement tracker (back panel). Focus on how you feel and how your clothes fit rather than simply focusing on the scale.
- 2 Share your goals with your Support Team members you identified on your Personal Pledge & Vision Statement, and invite them to join you in your transformation. Ask your Sponsor how you can get your products paid for by simply inviting others to join you.
- 3 Follow the right monthly schedule and Shake and Cleanse Day planner on Pages 9 and 10 to remind you when to take each product.
- 4 Buy healthy foods and plan great-tasting meals. Limit temptations by removing unhealthy foods and snacks from your home including soda, foods with artificial sweeteners and coloring, and other “junk” foods. See meal planning tips on page 11.
- 5 Read your Vision Statement daily.
- 6 Join the IsaBody Challenge to help you achieve your transformation and earn a \$200 product certificate. Learn more at IsaBodyChallenge.com.

If you are pregnant, nursing, diabetic, on medication, have a medical condition, or are beginning a weight-control program, consult your physician before using Isagenix products or making any other dietary changes. Discontinue use if adverse events occur.

Weight loss should not be considered typical. In a study performed in 2012 by University of Illinois at Chicago researchers, subjects lost an average of 9 pounds with an average of 2 pounds of the loss from visceral fat after 30 days on an Isagenix System. The subjects also had a greater level of adherence and had more consistent weight loss from week to week compared to subjects on a traditional diet.

YOUR SYSTEM

Isagenix offers two weight-loss systems—a 30-Day System and a 9-Day System. 30-DAY CLEANSING AND FAT BURNING SYSTEM

Our 30-Day System is our most popular and successful weight-loss solution for people starting on their weight-loss journey! The Cleansing and Fat Burning System is ideal for people who want to lose weight using a long-term, flexible program. Throughout the use of this system, you will gain deep familiarity and confidence in the core Isagenix products and their use during Shake Days and Cleanse Days, and you will establish new lifestyle habits that will support you the rest of your life as part of a new foundation for healthy eating.

A 2012 study from the University of Illinois at Chicago found an average weight loss of 9 pounds with an average visceral fat loss of 2 pounds after 30 days on an Isagenix system. Results may vary based on your own individual metabolism and energy expenditure.

9-DAY DEEP CLEANSING AND FAT BURNING SYSTEM

The 9-Day System was the original program recommended by Isagenix Master Formulator John Anderson. It is a more ambitious approach to weight loss requiring a higher level of commitment, but an excellent choice for those seeking to jump-start their weight loss or overcome a plateau.

It involves starting a minimum of two Shake Days, followed by two consecutive Deep Cleanse Days. On Deep Cleanse Days, you will be consuming Cleanse for Life, liquid or powder, mixed according to instructions four times throughout the day.

USING YOUR CLEANSING & FAT BURNING SYSTEM COULDN'T BE EASIER.

Your Cleansing and Fat Burning System relies on two easy-to-follow components:

Shake Days & Cleanse Days.

Here's how each works.

WHY CLEANSE?

Unlike harsh laxative cleanses, Isagenix Cleanse for Life is scientifically developed to nourish your body with the vital nutrients it needs while ridding your body of impurities.

Cleansing isn't about deprivation; it's about nourishment! **You will be amazed at how easy it is to cleanse.**

SHAKE DAYS:

Replace conventional meals with 2 IsaLean Shakes per day + 1 healthy, low-glycemic, 400- to 600-calorie meal.

Most people enjoy a shake for breakfast, plan their meal for lunch, then enjoy another shake for dinner. But you can easily plan your one meal for either dinner or lunch—it's your choice!

Drink 1 serving of Ionix Supreme before your shake + take 2 Natural Accelerator capsules (1 in the morning and 1 in the afternoon).

Drink enough water throughout the day (about 80 oz total).

Plan 2 snacks a day: one mid-morning and one mid-afternoon. *See below.*

Take 1-2 IsaFlush capsules with 8 oz of water before bedtime.

Snack Options

- IsaDelight®
- e+™
- Isagenix Greens™
- Isagenix Fruits™
- Slim Cakes®
- Whey Thins™
- Fiber Snacks™

Pro Tip: Plan your low-glycemic, 400- to 600-calorie meals in advance. Some people find it beneficial to plan a full week of meals at one time.

Pro Tip: For people engaging in physical activity, consider increasing your protein by enjoying an IsaLean PRO Shake instead of an IsaLean Shake, or add a scoop of IsaPro® to your favorite IsaLean Shake. Extra protein can help curb hunger and satisfy longer.

CLEANSE DAYS:

Enjoy 4 deep cleanse servings:

- 1 in the morning
- 1 at noon
- 1 late afternoon
- 1 at dinnertime

Drink 1 serving of Ionix Supreme when you wake up and (optional) in the early evening + take 2 Natural Accelerator capsules (1 in the morning and 1 in the afternoon).

Drink enough water throughout the day (about 80 oz total).

Enjoy 4 to 6 Isagenix Snacks™ (any flavor or combination)

Choose 2 snacks a day from the options below: one mid-morning and one early evening.

Take 1-2 IsaFlush capsules with 8 oz of water before bedtime.

Snack Options

- 1-2 IsaDelight (Milk or Dark Chocolate)
- ¼ apple or pear
- 1 serving of Replenish (if exercising)
- 1-2 servings of e+

SHOULD I CLEANSE 1 OR 2 DAYS?

Within our 30-Day Cleansing and Fat Burning System, you should deep cleanse at least one day a week, but you can certainly cleanse two days (back-to-back) to maximize your weight-loss results. However, you should never exceed two consecutive Deep Cleanse Days.

See Page 11 for healthy guidelines on meals. Optional servings and additional items listed above that are not included in your Isagenix System, such as many of the snack options, will need to be purchased separately.

These calendars will help you organize your programs. If you would like to design your own program, see the back panel.

BACKED BY SCIENCE

Independent research from the **University of Illinois at Chicago** and **Skidmore College** showed that the Isagenix System was superior to a traditional heart-healthy diet for weight loss and improving cardiovascular health markers. The 15-month study done at Skidmore followed the Cleanse Day and Shake Day protocol compared to a nutritionally balanced diet and validated safe, healthy weight loss and long-term maintenance. Participants who used the Isagenix System during the maintenance phase of the study maintained their weight loss, fat loss, and visceral fat loss while heart-healthy diet participants rebounded. Isagenix maintenance participants also improved their muscle status during the maintenance phase while heart-healthy participants did not.

FAQ

Q: Why do I need to cleanse?

A: Cleansing helps kick-start your body's detoxification systems. Isagenix Cleanse for Life is specially formulated to provide your body the nourishment it needs while ridding your body of harmful impurities.

Q: What should I expect during the first few days of my journey?

A: During the first week of your journey, be patient with your body and understand it's the beginning of a transformation. The introduction of nutritious and scientifically supported Isagenix products will begin to give your body what it has been craving. The products will help you prepare for an efficient weight-loss journey. If you follow your system as recommended, you should begin to see results and feel the difference.

Q: Should I still cleanse if I'm exercising?

A: Yes, you should follow the recommended cleanse schedule for your Isagenix System. However, on Cleanse Days, we recommend you minimize your physical activity. If you choose to be active, do so with moderation and rely on using Replenish, IsaDelight Plus, and Isagenix Snacks to help you get through the day. It may also prove helpful to go to bed earlier on Cleanse Days to avoid the urge for late-night snacking.

Q: If I'm not hungry can I skip a meal or shake?

A: We recommend you not skip a meal or IsaLean Shake. Even though you might not feel hungry, your body needs ongoing nourishment. Wait a while to see if you begin to feel hungry, but always ensure you consume your 2 IsaLean Shakes and 1 meal on every Shake Day.

Q: Can I add fruit to my IsaLean Shake?

A: You can customize your Isagenix System to meet your needs. Keep in mind that adding to your IsaLean Shake increases the caloric intake.

Q: If I feel tired or have a headache, should I discontinue my System?

A: It is not uncommon when cleansing or changing your normal eating habits to experience side effects. These can include, headache, fatigue, or constipation. First, try to drink more water or eat a snack. Fatigue and a headache are often signs your body is not getting enough water, or you might be experiencing low blood sugar.

Q: Can I deep cleanse more than two consecutive days?

A: Cleansing two consecutive days can help you maximize your weight-loss goals, but you should never cleanse more than two days in a row.

Q: I'm a very active person and I have even been progressively increasing my workouts during my program. Should I eat more if I'm hungry?

A: There are several things you can do. We recommend you switch out one or both of your IsaLean Shakes with IsaLean PRO, or add a scoop of IsaPro to your IsaLean Shake. This will increase your protein and caloric intake safely. The extra protein will fuel your body with nutrients and calories your body needs when working out.
